

WI State Council SHRM

Expenses

We must pay out all expenses in the year they occur. To accomplish this State Council and State Conference Members must submit expenses as they occur during the year.

For the December Transition Meeting of the State Conference, expenses incurred (including mileage), will be allocated to the current year's conference.

- Please come prepared to this meeting to turn in your mileage and any last expenses

For individuals who submit mileage in December relating to the conference transition meeting still only get \$200 total for their current committee year.
